

OBJECTIVE

To obtain a position as a member of a design and development team which leverages my skills as a talented, results-driven information architecture and interactive media designer in the production of digital media products for clients and customers across multiple platforms and delivery methods.

PROFESSIONAL EXPERIENCE

CLJ DESIGN, Houston, TX (Oct 2007 - April 2008)

Intern, Interactive Development

- Processed digital images and updated XHTML and JavaScript code for use in client websites.
- Created and contributed content for weekly forum submissions from CLJ Design to <http://www.freelanceswitch.com>

MARC GOLDSTEIN, West Hollywood, CA (Oct 2007)

Flash Designer

- Built an animated banner advertisement corresponding to a national campaign for *KCRW Santa Monica* which featured the photography of the client.

US MARINE CORPS, Various Locations (June 1996 - July 2005)

Arabic Translator, Intelligence Analyst, Recruiter

- Served as an Arabic translator and language instructor for various activities in US military operations.
- Served as a Middle East regional expert. Conducted area related research and delivered intelligence briefs in relation to current events and ongoing military operations.
- Conducted recruiting activities and trained applicants in preparation for Marine Corps basic training.

EDUCATION

- **Art Institute of Pittsburgh**, Pittsburgh, PA (Dec 2009) BS Web Design and Interactive Media
- **Landmark Education Forum**, Denver, CO (Dec 2009)
- **Power Yoga Teacher Training**, Colorado Springs, CO (Apr 2009) Certified Yoga Instructor

- HTML, XHTML
- CSS
- PHP
- MySQL
- ActionScript 2 & 3
- JavaScript

PROFESSIONAL SKILLS & TALENTS

Public Speaking As a recruiter, a foreign language interpreter and a yoga instructor I have developed strong and dependable public speaking skills. Given a subject that I am familiar with, I am able to give an engaging verbal presentation to an audience of any size with very little preparation.

Organizational and Logistical Skills I approach all tasks in a methodical manner while using my natural talent for organizing time and materials. I am constantly seeking higher proficiency in my work area and with my tools.

Management and Training By virtue of serving as a Sergeant in the US Marine Corps I have held positions of management over groups ranging from 3 to 30 individuals. I am adept at conducting skills training for small and large groups.

Inherent Motivation I am used to working under pressure and I am constantly striving to improve my skills in everything I do. I take pride of ownership in my work and I take the long view of educating myself in order to be able to accomplish all goals and tasks set before me.
